Dear Mike :

I would like to thank you for your fantastic work on projects like the Luther Family Room Space at Luther Midelfort Hospital in Eau Claire, WI and also on several McDonald's projects in Wisconsin and Minnesota.

As usual, your team's professionalism and dedication is allowing these projects to run seamlessly. Most importantly, our partnership has resulted in superior design, quality product, and satisfied customers.

I highly recommend Haag Müller as an architectural partner for anyone who would like their project to be a success. I look forward to working with you on many successful projects in the future!

Thanks again for your dedication and fine work!

Sincerely,
