

Haag Muller Inc.

Ted Haag

Just wanted to send you a letter to let you know how pleased we were with the architectural work you did for us. Our project, which was done on a "fast track" was quite large in size being an addition of 95,000 square feet in size of which 45,000 square feet was manufacturing and 50,000 square feet being warehouse. The building went together almost flawlessly. Any design issues we did have were worked through quickly and cost effectively. Your firm also worked together very well with Beeler Construction who was our general contractor for this project.

It's always nice to see smooth team work in action.

Thanks again for a job well done,

John Cichosz
Manager
