Haag Muller, Inc.
101 East Grand Avenue
Port Washington, WI 53074

Dear Mike:

I would like to take this opportunity to thank you and Haag Muller, Inc. for all your help in the remodeling of the building that became The Paramount Restaurant.

At my initial meeting with Ted Haag and his evaluation of the building, I quickly realized that this was not going to be easy. This project was a total remodeling and adaptive reuse of a building that was built in the early 1840's. Together we took a 160+ year old building that was an eyesore to the community and made into a showpiece that Grafton is now proud of.

Throughout every phase of the project Haag Muller, Inc. played an integral part. You listened to the specific needs of my restaurant and my dreams for it and made them a reality. This project was filled with many challenges that required quick and creative solutions. When an occasion arose that required immediate attention, you stepped up to the plate every time.

Your professionalism, creativity and willingness to make this building project a success was greatly appreciated. I would like to recommend you to others and also hope to use you on my next project.

Sincerely,

JOSEPH KRUPSKI
THE PARAMOUNT RESTAURANT
